

Love Your Pets. Not Their Smell?

Pet odours are often caused by bacteria and yeast on your pet's skin, as well as their dander, saliva, urine, and surroundings like bedding, litter boxes, carpets, and floors.

These smells don't just go away - they embed in your home.

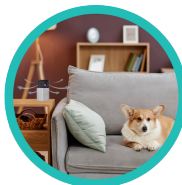

How Medklinn Air+Surface Sterilizer Helps?

Our Air+Surface Sterilizers powered by **Cerafusion™ Technology** work **24/7** to:

Eliminate
odour-causing
germs in the
air and on surfaces

Break down organic
pet smells at a
molecular level

Reduce allergens
like dander and
dust mites

How to combat that unwanted smell:

Step 1: Clean the Source

- ✓ Vacuum floors
- ✓ Clean soft furnishings
- ✓ Wash pet items

Step 2: Turn on Medklinn 24/7

- ✓ Release Active Oxygen
- ✓ Eliminates odour-causing bacteria in the air and on surfaces

Introducing the All-New PRO AS180+
